Restart your iPad

Learn how to turn your iPad off and back on again.

How to restart an iPad without a Home button

Step One: Press and hold either volume button and the top button until the power off slider appears.

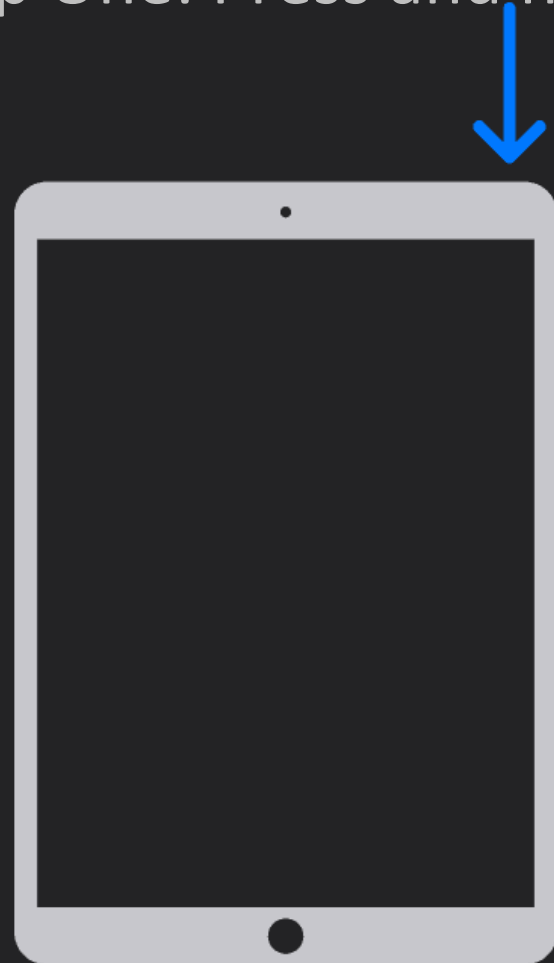

Step Two: Drag the slider, then wait 30 seconds for your device to turn off. If your device is frozen or unresponsive, force-restart your device.

Step Three: To turn your device back on, press and hold the top button until you see the Apple logo.
